SUMMARY

"It's in my DNA to try new things in order to save a life."

Michael Blaivas is a board-certified emergency physician with more than 20 years' experience in combining innovation, technological and AI understanding, medical research, and clinical fundamentals to create new products, improve existing processes and generate growth.

His engineering and computer science background, out of the box thinking, as well as broad and deep experience in medical device and software development have allowed him to successfully partner with multi-billion-dollar conglomerates and collaborate with colleagues around the world, all while maintaining an active emergency medical practice.

Key Contributions to the Anavasi Team

With experience in business, management, regulatory/compliance, product development, clinical trial design and innovation, Dr. Blaivas has the skills that make him the ideal CMO to help bring our product to market. Additionally, his experience in seeing multiple hardware and software products through FDA approval and CE mark have repeatedly proven valuable.

POSITIONS

Chief Medical Officer
Anavasi Diagnostics
October 2020 – present

Attending Physician
St. Francis Hospital
Columbus, Georgia; Feb. 2013 – present

TEXTBOOKS, JOURNAL SPECIAL ISSUES AND MEDIA PUBLICATIONS

Dr. Blaivas has published over 230 peer reviewed articles, multiple book chapters and is the editor of 6 medical textbooks.

TEACHING/LECTURES

Dr. Blaivas has been teaching and lecturing for over 30 years. He has held faculty positions in multiple universities and is currently a professor of medicine at the University of South Carolina.

He is a founding member of the World Interactive Network for Critical Ultrasound (WINFOCUS) and Society of Ultrasound in Medical Education (SUSME), having served as president of both.

Dr. Blaivas is active in building educational and policy-making relationships between societies in a variety of medical specialties throughout the world. He is frequently invited to speak on innovations in the practice of emergency medicine.
